## **INTRODUCTORY SECTION**

June 28, 2023

***To the Honorable Mayor and Vice Mayor, Town Commissioners, and the Citizens of the Town of Surfside, Florida:***

We are pleased to submit the Annual Comprehensive Financial Report (ACRF) of the Town of Surfside, Florida (the Town or Surfside), for the fiscal year ended September 30, 2022. In submitting the report, we have strived to achieve transparency and full-disclosure and give readers of these financial statements a thorough understanding of the Town's finances for the year and at the end of the year. This philosophy is reflected by the informative financial analysis provided by the Town's Finance Department and the exhibits and statistical tables included herein.

The ACRF's role is to assist in making economic, social and policy decisions and to assist in assessing accountability to the citizenry by:

- Comparing actual financial results with the legally adopted budget, where appropriate;
- Assessing financial condition and results of operations;
- Assisting in determining compliance with finance related laws, rules and regulations; and
- Assisting in evaluating the efficiency and effectiveness of Town operations.

Responsibility for both the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures, rests with the management of the Town. We believe the data, as presented, is accurate in all material respects; that it is presented in a manner designed to fairly present the financial position and results of operations of the Town; and that all disclosures necessary to enable the reader to gain an understanding of the Town's financial activity have been included.

Marcum LLP, independent auditors, have issued unmodified opinions on the Town of Surfside's financial statements as of and for the fiscal year ended September 30, 2022. The independent auditors' report is located at the front of the financial section of this report. The Town's financial statements have been prepared in conformity with generally accepted accounting principles as promulgated by the Governmental Accounting Standards Board (GASB). The Town's Management Discussion and Analysis (MD&A) immediately follows the independent auditors'

report and provides a narrative introduction, overview and analysis of the basic financial statements. The MD&A complements the letter of transmittal and should be read in conjunction with it.

### ***ACCOUNTING AND INTERNAL CONTROLS***

Management of the Town is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the Town are protected from loss, theft or misuse and to ensure that adequate accounting data is compiled to allow for the preparation of financial statements in conformity with accounting principles generally accepted in the United States of America. The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that:

- The cost of a control should not exceed the benefits likely to be derived; and
- The valuation of costs and benefits requires estimates and judgments by management.

### ***PROFILE OF THE GOVERNMENT***

The Town is a beautiful oceanfront community located in the tropical paradise of South Florida. The Town was incorporated in 1935 and is home to 5,446 residents. The Town of Surfside includes a tranquil, attractive, residential neighborhood, multi-family residences, a traditional "home town" business district and tourist facilities that welcome visitors year-round.

The Town is a Commission-Manager form of government. The Town is governed by a Mayor, Vice-Mayor, and three Town Commissioners, elected Town-wide to two-year terms. Collectively known as the Town Commission, they appoint a full-time Town Manager who is responsible for the administration of the Town's operations. The Town Commission establishes policy for the operation of the government, enacts ordinances for the safety, welfare, and orderly interaction of the citizens of the Town, adopts a millage rate and annual budget, appoints the Town Attorney, as well as members to various boards, agencies, and authorities within the Town, and engages an independent auditor.

### ***SERVICES PROVIDED***

The Town provides a full range of municipal services. These services include police, parks and recreation programs, public communications and tourism, public works, human resources, code compliance, finance, town clerk, town attorney, building, and planning and zoning. The Town also provides water and sewer, solid waste, and stormwater utility services, as well as municipal parking.

### ***FACTORS AFFECTING FINANCIAL CONDITION***

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment. Surfside has maintained its strong financial position through prudent long-term financial planning, additional non ad-valorem revenue generation and fiscal actions to reduce or contain fixed costs.

The Town of Surfside enjoys a favorable commercial, residential, and economic environment. Financial indicators point to increased growth of residential property values though the impact on commercial property values is still to be determined based on impacts of the coronavirus (COVID-19). High-end development completed over the last few years added significantly to the Town's tax base, reducing pressure on property taxes and providing an increased mix of property within the Town. The increase in development has not put undue additional service pressure on the Town.

Surfside is a tourist destination point in southeast Florida. In fact, Surfside has one mile of pristine beach coastline in Miami-Dade County. Surfside is one square mile in size of residential homes, condominiums and a beautiful tree-lined business section. There is no industrial area in the Town. Thanks to the Town's low property tax millage rate, a Town-sponsored shuttle system, and an active community of involved citizens who take a genuine interest in the social, business, cultural and governing aspects of the Town, Surfside continues to flourish and be financially strong.

The Town Commission has adopted financial policies, and management has made every effort to comply with these policies and we believe that we are in compliance with these adopted policies. The Town Commission has an adopted a Five-Year Financial Plan. This document forecasts the General Fund and several other fund operations for the next five (5) years and is used to guide the development of the annual operating budget.

The Town has also recognized the long-term financial cost implications of its pension plan and continues to fund 100% of the actuarially determined employer contribution. Accordingly, the pension plan's funded ratio is 85.9% as of its October 1, 2022 valuation, and we expect that to increase gradually over time. The Town continues to monitor its pension costs for sustainability and to provide cost containment so as not to shift the costs to future taxpayers.

The Capital Improvements Program (CIP) is prepared and presented to the Town Commission as part of the annual budget process. The projects represent the Town's plan for infrastructure improvement and major equipment acquisition for the next five years.

### ***AWARDS***

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Town for its ACFR for the fiscal year ended September 30, 2021. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized Annual Comprehensive Financial Report. This report must satisfy both generally accepted accounting principles and applicable legal requirements. It is not, however, an endorsement of the financial condition of the Town.

It should be noted that the Certificate of Achievement is a prestigious national award, presented in 2021 to 2,096 or 5.9% of 35,749 Towns and Cities nationwide, which recognizes conformance with the highest standards for preparation of state and local government financial reports.

A Certificate of Achievement is valid for a period of one year only. We believe that our current Fiscal Year 2022 ACFR continues to meet the Certificate of Achievement requirements and we will submit it to GFOA to determine its eligibility for another certificate. The Town has also once again received the GFOA Distinguished Budget Presentation Award for its 2022 adopted budget document. The award is presented to even fewer municipalities. In 2021, the most recently completed cycle, only 1,745 municipalities, or 5%, were given the award.

### ***ACKNOWLEDGEMENTS***

The preparation of this ACFR would not have been possible without efforts of the Finance Department. The finance department staff consisting of Javier Collazo, Finance Director; Mayte Gamiotea, Revenue/Payroll Manager; Andria Meiri, Budget Officer; Manny Carta, Accountant; and Darlene Martinat, Payroll/Accounts Payable Specialist who are also to be especially thanked for their contributions to this report. The Town is working with FEMA to process Champlain Tower South collapse claims. The amount of work and effort put forth by this team cannot be understated or over appreciated. We also wish to extend our appreciation to the auditing firm of Marcum LLP for their professionalism in conducting the audit of the Town's basic financial statements and related note disclosures and their assistance and efforts in helping the Town prepare its ACFR. Without everyone's efforts, this report could not have been completed.

Finally, credit also must be given to the Town Commission for their unfailing support for maintaining the highest standards of professionalism and transparency in the management of the Town's finances.

Respectfully Submitted,

## INDEPENDENT AUDITORS' REPORT

To the Honorable Mayor, Town Commission and Town Manager  
**Town of Surfside, Florida**

### **Report on the Audit of the Financial Statements**

#### *Opinions*

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Surfside, Florida (the "Town"), as of and for the fiscal year ended September 30, 2022, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town, as of September 30, 2022, and the respective changes in financial position, and, where applicable, cash flows thereof for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

#### *Basis for Opinions*

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Town and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### *Responsibilities of Management for the Financial Statements*

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Town's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### *Auditors' Responsibilities for the Audit of the Financial Statements*

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Town's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Town's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 5 through 17, the budgetary comparison information on pages 67 through 70, and the required supplementary information for the pensions and OPEB on pages 71 through 73 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### ***Supplementary Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town's basic financial statements. The combining and individual fund statements and schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund statements and schedules is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

### ***Other Information***

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditors' report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

## **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated June 28, 2023 on our consideration of the Town's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Town's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Town's internal control over financial reporting and compliance.

**MANAGEMENT'S DISCUSSION AND ANALYSIS**  
**(MD&A)**

---

---

This section of the Annual Comprehensive Financial Report for the Town of Surfside (the Town), the Town's management is pleased to provide this narrative discussion and analysis of the financial activities of the Town for the fiscal year ended September 30, 2022. The Town's financial performance is discussed and analyzed within the context of the accompanying financial statements and disclosures following this section.

## **2022 FINANCIAL HIGHLIGHTS**

- The Town's total assets plus deferred outflows exceeded its total liabilities plus deferred inflows of resources by \$69,732,028 (total net position) as of September 30, 2022.
- Total net position increased \$9,260,953 as compared to the previous fiscal year 2021. The total components are comprised of the following:
  - (1) Capital assets, net of related debt, of \$24,570,161 include property and equipment, net of accumulated depreciation, and reduced by capital related outstanding debt.
  - (2) Net position of \$14,347,713 is restricted by constraints imposed from outside the Town such as grantors, laws, or regulations.
  - (3) Unrestricted net position consists of \$30,814,154 that may be used to meet the Town's ongoing obligations to citizens and creditors.
- The Town's governmental funds reported total ending fund balance of \$40,601,347 at September 30, 2022. This compares to the prior year total ending fund balance of \$33,945,465, showing an increase of \$6,655,882 during the current year. Unassigned fund balance is \$8,737,449 at September 30, 2022.
- At the end of the current fiscal year, the unassigned fund balance for the General Fund was \$8,737,449 or 66.6% of total General Fund expenditures. Financially, fiscal year 2022 was a positive year.
- Overall, the Town continues to maintain a strong financial position.

The above financial highlights are explained in more detail in the "financial analysis" section of this document.

## **OVERVIEW OF THE FINANCIAL STATEMENTS**

This Management Discussion and Analysis document introduces the Town's basic financial statements. The basic financial statements include: (1) government-wide financial statements, (2) fund financial statements, and (3) notes to the basic financial statements. The Town also includes in this report additional information to supplement the basic financial statements. Comparative data is presented to allow comparison to the prior fiscal year.

---

---

## Government-wide Financial Statements

The Town's annual financial report includes two government-wide financial statements. These statements provide both long-term and short-term information about the Town's overall financial status. Financial reporting at this level uses a perspective similar to that found in the private sector with its basis in accrual accounting and elimination or reclassification of activities between funds.

The first of these government-wide statements is the *Statement of Net Position*. This is the government-wide statement of position presenting information that includes all the Town's assets plus deferred outflows of resources and liabilities plus deferred inflows of resources, with the difference reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Town is improving or deteriorating. Evaluation of the overall health of the Town would extend to other nonfinancial factors such as diversification of the taxpayer base or the condition of the Town's infrastructure, in addition to the financial information provided in this report.

The second government-wide statement is the *Statement of Activities*, which reports how the Town's net position changed during the current fiscal year. All current year revenues and expenses are included regardless of when cash is received or paid. An important purpose of the design of the statement of activities is to show the financial reliance of the Town's distinct activities or functions on revenues provided by the Town's taxpayers.

Both government-wide financial statements distinguish governmental activities of the Town principally supported by taxes from business-type activities intended to recover all or a significant portion of their costs through user fees and charges. Governmental activities include general government, public safety, public works, leisure services and transportation. Business-type activities include water and sewer, municipal parking, sanitation and storm water utilities activities.

The government-wide financial statements are presented on pages 18 and 19 of this report.

## Fund Financial Statements

A fund is an accountability unit used to maintain control over resources segregated for specific activities or objectives. The Town uses funds to ensure and demonstrate compliance with finance-related laws and regulations. Within the basic financial statements, fund financial statements focus on the Town's most significant funds rather than the Town as a whole. Major funds are separately reported while all others are combined into a single, aggregated presentation. Individual fund data for nonmajor funds is provided in the form of combining statements in a later section of this report.

The Town has three types of funds:

*Governmental funds* are reported in the fund financial statements and encompass the same functions reported as governmental activities in the government-wide financial statements. However, the focus is very different with fund statements providing a distinctive view of the Town's governmental funds. These statements report short-term fiscal accountability focusing on the use of spendable resources and balances of spendable resources available at the end of the year. They are useful in evaluating annual financing requirements of governmental programs and the commitment of spendable resources for the near-term.

Since the government-wide focus includes the long-term view, comparisons between these two perspectives may provide insight into the long-term impact of short-term financing decisions. Both the governmental fund balance sheet and the governmental fund operating statement provide a reconciliation to assist in understanding the differences between these two perspectives.

The basic governmental fund financial statements are presented on pages 20 - 21 of this report and the governmental fund operating statement reconciliation is presented on page 22.

*Proprietary funds* are reported in the fund financial statements and generally report services for which the Town charges customers a fee. The Town's proprietary funds are primarily classified as enterprise funds as well as one internal service fund. The enterprise funds essentially encompass the same function reported as business-type activities in the government-wide statements.

The basic proprietary fund financial statements are presented on pages 23 – 26 of this report.

The Town's *Fiduciary fund* is reported in the fiduciary fund financial statements but is excluded from the government-wide reporting. Fiduciary fund financial statements report resources that are not available to fund the Town's programs. The Town's fiduciary fund reports the Town's single employer pension plan balances and activities.

The basic fiduciary fund financial statements are presented on pages 27 and 28 of this report.

### **Notes to the Basic Financial Statements**

The accompanying notes to the basic financial statements provide information essential to a full understanding of the government-wide and fund financial statements. The notes to the basic financial statements begin on page 29 of this report.

### **Required Supplementary Information**

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information. A budgetary comparison schedule is included as "required supplementary information" for the General Fund and Building Fund. Budgetary comparison schedules for all other governmental funds can be found in the supplementary information section of this report. These schedules demonstrate compliance with the Town's adopted and final revised budget. In addition, some required trend information for the Town's pension trust fund and other post-employment benefits (OPEB) plan are presented in this section. Required supplementary information can be found on pages 67-73 of this report.

### **Supplementary Information**

As discussed, the Town reports major funds in the basic financial statements. Combining and individual fund statements and schedules for nonmajor funds are presented in a supplementary information section of this report beginning on page 74.

**FINANCIAL ANALYSIS OF THE TOWN AS A WHOLE**

The following chart reports the Town's total net position balances from fiscal year 2013 - 2022.

Over the last ten years, the total net position has increased \$37,465,927 or 116%.

The Town continues to maintain high current ratios. The current ratio compares current assets to current liabilities and is an indication of the ability to pay current obligations. The current ratio for governmental activities is 8 to 1 as compared to 18 to 1 at September 30, 2022. The current ratio for business-type activities is 10 to 1 as compared to 8 to 1 at September 30, 2022. Overall, the total current ratio at September 30, 2022 was 8 to 1 as compared to 14 to 1 at September 30, 2022.

The Town reported positive balances in net position for both governmental and business-type activities. During 2022, net position increased \$7,277,569 for governmental activities and increased \$1,983,384 for business-type activities. The Town's overall financial position improved during fiscal year 2022. The Town remains in a strong financial position.

From governmental activities 22.2% of total assets are invested in capital assets. The Town uses these capital assets to provide services to its Town residents. In addition, 64.3% of the business-type activities total assets are invested in capital assets. These capital assets provide utility and parking services to the Town's residents. The combined governmental activities and business-type activities invested in capital assets were 36.9% of total assets in fiscal year 2022, as presented in the government-wide statement of net position.

The following table provides a summary of the Town's changes in net position:

**Governmental Activities Revenues**

The Town is heavily reliant on property taxes to support governmental operations. Property taxes provided 44.9% of the Town's total revenues in fiscal year 2022 as compared to 56.4% in fiscal year 2021. Other taxes, which includes resort, franchise, utility and communications taxes provided 24.2% of the Town's total revenues in fiscal year 2022 as compared to 24.8% in fiscal year 2021. At the government-wide financial reporting level, charges for services remained relatively consistent in spite of the residual effects of the Covid-19 pandemic.

Note that program revenues consisted of 41.6% of governmental operating expenses as compared to 16.4% in fiscal year 2021. In fiscal year 2022, 74% of governmental activities, primarily from property and other taxes, were funded through general revenues. As a result, the general economy and the success of local businesses have a major impact on the Town's revenue streams.

**Governmental Activities Expenses**

The following table presents the cost of each of the Town's services, including the net costs (i.e., total cost less program revenues generated by the activities). The net costs illustrate the financial burden that is placed on the Town's taxpayers by each of these services.

<b>Governmental Activities</b>

**Business-type Activities**

The Town reports four major enterprise funds Water and Sewer, Municipal Parking, Sanitation and Stormwater.

**Overall Analysis of Major Business-type Funds** – Total operating revenues increased \$986,714 or 12.4%. Total operating expenses decreased \$292,289 or 4.0%. In total, the operating income before transfers increased \$2,074,590 in the Business-type activities. The total increase in net position for all enterprise funds was \$1,983,384.

The operating income (loss) for each major enterprise fund was as follows for fiscal years 2022 and 2021:

	<b>Operating Income (Loss)</b>		
	<b>2022</b>	<b>2021</b>	<b>Increase (Decrease)</b>
Water and sewer	\$ 1,031,536	\$ 698,121	\$ 333,415
Municipal parking	587,659	334,798	252,861
Sanitation	171,280	(349,230)	520,510
Stormwater	284,115	432,713	(148,598)
<b>Total</b>	<b>\$ 2,074,590</b>	<b>\$ 1,116,402</b>	<b>\$ 958,188</b>

The following includes an analysis of the fiscal year 2022 financial activities for each enterprise fund.

**Water and Sewer Fund** - The total assets decreased to \$18.9 million in the current fiscal year. However, there was a decrease in cash equivalent & investments of \$789 thousand that was offset by a decrease in current liability that were due to other funds of \$1.7 million for the current fiscal year. Total liabilities decreased by \$2.77 million primarily due to a reduction of the due to other funds of \$1.7 million and a reduction of the debt principal outstanding in fiscal year 2022 of \$945 thousand.

Operating revenues increased \$618 thousand or 15.3% in the current fiscal year. Total operating expenses increased \$74.3 thousand or 2.2%. The increase in operating expenses was due primarily to an increase in water and sewer consumption in fiscal year 2022 as the COVID-19 pandemic restrictions began to decrease and workers began to return to the workplace.

Net position increased \$1,044,028 in fiscal year 2022, resulting in an ending net position of \$10,094,913.

**Municipal Parking Fund** – Total assets increased \$2,594,512 or 61.4% in fiscal year 2022. There was a reduction in the net book value of capital assets due to depreciation expense of \$131,380 for the current fiscal year.

Operating revenues increased by \$228,689 or 15.6% and operating expenses remained constant versus fiscal year 2021. In total, operating income increased \$252,861 in fiscal year 2022. Net position increased \$495,549 in fiscal year 2022, resulting in an ending net position of \$4,107,576.

**Sanitation Fund** - Total assets remained relatively consistent at \$765,255 for the current fiscal year. There was reduction in the net book value of capital assets due to depreciation expense of \$82,341 for the current fiscal year. Total liabilities decreased by \$420,691 or 58.4% from the previous fiscal year.

Operating revenues increased \$172,360 or 10.8% from fiscal year 2021. Total operating expenses decreased \$345,150 or 17.9% from the previous fiscal year. Operating income increased \$520,510 or 149% due to a decrease in operating expenses as previously stated. Net position increased \$171,280 in fiscal year 2022, resulting in an ending net position of \$368,993.

**Stormwater Fund** - The total assets remained constant versus the previous fiscal year. Cash and cash equivalent increased by \$991,081 or 398% this was primarily due to reduction in due from other funds of \$1,096,671 for utility fees collected on behalf of the Stormwater fund. Net capital assets decreased \$132,650 from fiscal year 2021 due to current year asset depreciation. Total liabilities decreased \$249,946 primarily due to long-term debt service payments of \$314,859.

Operating revenues decreased \$32,469 or 3.6% from fiscal year 2021; in contrast, operating expenses increased \$51,214 or 11% during the same period. This was due to an increase in maintenance costs of stormwater facilities during fiscal year 2022.

Net position increased \$272,527 in fiscal year 2022, resulting in ending net position of \$3,823,907.

## FUND ANALYSIS

### Governmental Funds

Governmental funds are reported in the fund statements with a short-term, inflow and outflow of spendable resources focus. This information is useful in assessing resources available at the end of the fiscal year in comparison with upcoming financing requirements. Governmental funds reported ending fund balances of \$40,601,347 in the current fiscal year compared to \$33,945,465 at September 30, 2021.

Total governmental revenues and transfers-in exceeded expenditures and transfers-out by \$6,655,882. The general fund's expenditures and transfers-out exceeded its revenues and transfers-in by \$3,491,846. The building fund's revenues and transfers-in exceeded its expenditures by \$1,175,345. The capital projects fund's revenues and transfers-in exceeded its expenditures by \$6,459,572. The tourism fund's revenues exceeded its expenditures and transfers-out by \$2,501,667.

Governmental funds report total fund balance of \$40,601,347. Of the current year-end total, \$10,635,293 is restricted to various ongoing programs. Committed fund balance of \$8,721,505 in the General Fund is reserved for emergencies and hurricanes, budget stabilization, capital projects and operations and maintenance in accordance with the fund balance policy. Assigned fund balance of \$12,354,395 in the Capital Projects Fund is reserved for future capital projects. Unassigned fund balance at year end is \$8,737,449 and is available for future appropriation within the General Fund.

The total ending fund balances of governmental funds shows an increase of \$6,655,882 or 19.6% over the prior year.

### Major Governmental Funds

The Town reports four major governmental funds, the General Fund, the Building Fund, Capital Projects Fund and the Tourism Fund.

**General Fund** - The General Fund is the Town's primary operating fund and the largest source of day-to-day service delivery. The General Fund's total fund balance decreased \$3,491,846 or 16.6%. The ending unassigned fund balance is considered adequate, representing the equivalent of 104% of annual expenditures, excluding inter-fund transfers-out. This compares to 136% at September 30, 2021.

Property taxes remained consistent from prior year at \$13.1 million in fiscal year 2022.

Intergovernmental revenue increased \$1,954,319 or 129% from the prior year. Miscellaneous revenues decreased \$195,779 or 54.7% due to a decrease in developer contributions in the current fiscal year. Interest earnings increased \$159,804 or 647% from the prior year due to hike in interest rates. Charges for services increased \$440,262 or 271% due to the tapering Covid-19 restrictions and normalization in operations. All other revenue streams were consistent with fiscal year 2021 amounts.

Total General Fund expenditures increased \$961,400 or 7.9% from fiscal year 2021. This increase was mainly due to up front expenditures of approximately \$300 thousand in disaster relief assistance related to the Champlain Towers South building collapse in fiscal year 2022. In the coming fiscal year management is diligently working towards the recovery of these costs associated with this disaster from the Federal Emergency Management Agency (FEMA).

**Capital Projects Fund** - This fund reports revenues primarily from inter-fund transfers and various outside sources. In fiscal year 2022 inter-fund transfers-in were \$6.5 million from the General Fund intended for future projects outlined in the five-year Capital Improvement Plan. This fund expended \$726,201 on capital projects in fiscal year 2022. At September 30, 2022, this fund reported \$12,425,364 in cash and investments and an ending fund balance of \$12,354,395.

**Building Fund** – The Town established this fund in fiscal year 2017 to segregate and restrict the uses of the monies received and spent as required by Florida Statute. This fund reported licenses and permits fees totaling \$2,265,953 and expenditures of \$976,192 with an ending fund balance of \$3,079,893.

**Tourism Fund** – This special revenue fund is funded almost entirely from Resort Taxes. Total revenues from these taxes increased \$1,118,744 or 25.6%, and total expenditures in this fund increased \$729,386 or 32.8%. As the name implies this fund relies on tourism; consequently, due to the easing of Covid-19 restriction in fiscal year 2022 revenues have recovered after restrictions have been lifted.

### Proprietary Funds

Proprietary fund statements share the same focus as the government-wide statements, reporting both short-term and long-term information about financial status. The internal service fund is included within governmental activities. The business-type activities analysis above discusses the town's enterprise funds.

### GENERAL FUND BUDGETARY HIGHLIGHTS

The fiscal year 2022 General Fund's budget was amended and transfers-out increased \$6,530,851 or 100%. This transfer to the Capital Projects Fund is for the Underground Utilities project that is commencing in fiscal year 2022.

**Revenue** – Intergovernmental revenues were \$1,720,356 or 98% above budget due to monies obligated by FEMA for expenditures incurred for the Champlain Towers South building collapse. Because of the lengthy process of approval and obligation of funds; monies obligated by FEMA were recognized in fiscal year 2022.

Various different revenue categories were higher than budget by \$602,217 but individually were less than 1%. This increase in the different revenue categories was due to the removal of Covid-19 restrictions and normalization of operations that affected the early part of fiscal year 2022.

In total, actual revenues were above budget by \$2,322,573 or 13.6% in fiscal year 2022.

**Expenditures** - The Finance and IT expenditures were lower than budget by \$135,359 or 13% due to a reduction in personnel expenses and lower expenses in professional services for IT services in fiscal year 2022.

Expenditures in public works were lower than budgeted by \$406,643 or 24.9% due to efficiencies in operations within different repair and maintenance accounts, including in the building and landscaping accounts, in the current fiscal year.

In total, actual expenditures were \$1,061,409 or 7.5% below the final budget in fiscal year 2022.

**CAPITAL ASSETS AND DEBT ADMINISTRATION**

**Capital Assets**

The town's investment in capital assets, net of accumulated depreciation, for governmental and business-type activities as of September 30, 2022, was \$13,759,658 and \$21,322,470, respectively. The change in net investment was negligible for governmental activities and 4.1% decrease for business-type activities. See Note 6 for additional information about changes in capital assets during the fiscal year and outstanding at the end of the year.

The following table provides a summary of capital asset activity:

	<b>Capital Assets</b>

At September 30, 2022, the depreciable capital assets for governmental activities were 47% depreciated. This compares to 45% at September 30, 2021. With the town's business-type activities, 37% of the asset values were depreciated at September 30, 2022, compared to 34% at September 30, 2021. These percentages indicate that the Town is replacing their capital assets at the same rate as they are being depreciated, which is a positive financial indicator.

**Governmental Capital Assets**

Governmental capital asset additions during 2022 were \$1,114,580. These additions consisted of various ongoing capital projects including the start of the reconstruction of the 96<sup>th</sup> Street Park, Town-wide Undergrounding Utility project, as well as various street improvement projects.

**Business-type Activities Capital Assets**

Business-type Activities capital asset additions during 2022 were \$224,853 mainly consisting in the design and permitting of the Abbot Ave storm drainage project for \$216,153.

**Debt**

The following table reports long-term debt balances at September 30, 2022 and 2021:

See Note 7 for additional information about the Town's long-term debt.

**A SUMMARY OF THE ECONOMIC CONDITIONS AFFECTING THE TOWN**

South Florida continues to be a much sought after international and national destination for vacationers and others who want to maintain a second home. Municipalities like the Town of Surfside rely primarily on property and other taxes (utility taxes, tourism taxes, franchise fees and local business taxes) for their operation. Consequently, economic growth in the local economy may be measured by a variety of indicators such as employment growth, unemployment rate and assessed property values. Net assessed value of real and personal property within the County increased by 11.8%.

The fiscal year 2022-2023 adopted operating budget maintained the Town's operating millage rate at 4.200 and there was no increase from the previous fiscal year. The Town's Commission has remained committed to maintaining the Town's millage rate at the same level for two consecutive years. Taxable value plus new construction on the tax roll increased 10.9%, mainly from increased existing property taxable value. The Miami-Dade County Property Appraiser reported on July 1, 2022, the 2022 Preliminary Certification of Taxable Value of \$3,651,048,630; an increase of \$358.8 million over the 2021 Preliminary Certification of Taxable Value. The Town's diversified tax base from recent development projects and construction incorporated into the tax rolls has strengthened. This growth in taxable value now supports a firm tax base to provide the resources to invest in the community, address the Town's changing needs, demand for services, and attract business to Surfside.

The impact of the coronavirus (COVID-19) in the previous two fiscal years had an adverse effect on the global and local economy. Florida's economy, which is driven in large part by tourism, has also been greatly affected by the closure of restaurants, hotels and beaches. The impact of this unforeseen event has had an economic impact not only on the Town as an organization, but more importantly on the businesses and residents as well. Fiscal year 2022 specifically was affected as demonstrated in some of the categories discussed; however, some of the key factors have shown a dramatic turnaround, as is the case with resort

tax. Still, long-term planning is very critical due to the continue developments of the disease and the economic uncertainty it brings.

The Town is also concerned with rising sea levels. These changes in sea levels pose an increasing risk and concern to our barrier island. In addition to beach shoreline concerns, seawalls and beach dunes may need to be reconstructed to new levels and stormwater systems may need to be reconfigured to reduce or prevent flooding. These effects could have a considerable financial impact on the Town and its property owners. Additionally, demand for property that would be adversely affected by rising sea levels may be reduced, affecting the Town's tax base. These remain unquantified but genuine concerns to consider in the near future.

#### **CONTACTING THE TOWN'S FINANCIAL MANAGEMENT**

This financial report is designed to provide a general overview of the town's finances, comply with finance-related laws and regulations, and demonstrate the town's commitment to public accountability. Questions concerning any of the information provided in this report or request for additional information should be addressed to the Town's Finance Director, Town of Surfside, 9293 Harding Avenue, Surfside, FL 33154.

## RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2022

---

Amounts reported for governmental activities in the statement of activities are different because:

Net change in fund balances - total governmental funds \$ 6,655,882

Governmental funds report capital outlay as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which depreciation exceeded capital outlay in the current period.

The details of the difference are as follows (excludes Internal Service Fund):

Capital outlay	\$ 1,083,733	
Depreciation	<u>(977,943)</u>	
Net adjustment		105,790

The change in net position of the internal service fund activities are reported with governmental activities 131,679

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

The detail of the difference is as follows:

Compensated absences	(16,955)	
Deferred outflows	(417,510)	
Deferred inflows	(2,844,045)	
Net pension liability	3,261,639	
Total OPEB liability	<u>401,089</u>	
Net adjustment		<u>384,218</u>

Change in net position of governmental activities \$ 7,277,569

## NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2022

---

### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Town of Surfside, Florida (the Town) was incorporated on May 19, 1935. The Town of Surfside's Charter was adopted under the provisions of Chapter 27914, Laws of Florida, 1951. The Town is governed by an elected five-member Town Commission and operates under a commissioner-manager form of government. The Town provides services to its approximately 6,000 residents in many areas including general government and administrative services, public safety (police), physical environment, solid waste collection, transportation (maintenance of roads and streets), culture and recreation, tourism development, water/sewer and stormwater utilities.

The summary of the Town's significant accounting policies is presented to assist the reader in interpreting the financial statements and other data in this report. These policies are considered essential and should be read in conjunction with the accompanying financial statements.

The financial statements of the Town have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Town's accounting policies are described below:

#### ***A. FINANCIAL REPORTING ENTITY***

In accordance with accounting principles generally accepted in the United States of America, these financial statements present the Town and its organizations for which the Town is considered financially accountable. Financial accountability includes 1) the appointment of a voting majority of the organization's governing body, 2) the ability of the primary government to impose its will on the organization, or 3) if there is a financial benefit/burden relationship or operational responsibility. In addition, an organization, which is fiscally dependent on the primary government, should be included in its reporting entity. Based on the application of these criteria, there were no organizations that met the criteria described above.

#### ***B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS***

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the Town. The effect of interfund activity has been removed from these statements with the exception of interfund services provided and used which are not eliminated. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support.

# TOWN OF SURFSIDE, FLORIDA

## NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2022

---

### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### ***B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS (CONTINUED)***

The statement of activities demonstrates the degree to which the direct expenses of a function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or identifiable activity. *Program revenues* include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*. The Town does not employ an indirect cost allocation system.

Separate financial statements are provided for governmental funds, proprietary funds, and the fiduciary fund, even though the latter is excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements. All remaining nonmajor governmental funds are aggregated and reported as other governmental funds.

Since the governmental fund financial statements are presented on a different measurement focus and basis of accounting than the government-wide financial statements, reconciliations are provided to briefly explain the adjustments necessary to reconcile the governmental fund financial statements to the government-wide governmental activities financial statements.

#### ***C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING AND FINANCIAL STATEMENT PRESENTATION***

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Town considers revenues to be available if they are collected within 60 days of the end of the current fiscal period.

# TOWN OF SURFSIDE, FLORIDA

## NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2022

---

### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### *C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING AND FINANCIAL STATEMENT PRESENTATION (CONTINUED)*

Expenditures generally are recorded when a liability is incurred, as required by accrual accounting, except for expenditures related to compensated absences, which are recorded when payment is due.

Property taxes and other taxes (such as franchise taxes, utilities taxes, and sales taxes), charges for services, intergovernmental revenue, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Revenues for expenditure driven grants are recognized when the qualifying expenditures are incurred. All other revenue items are considered to be measurable and available only when cash is received by the Town.

The reporting practices of the proprietary fund types closely parallel comparable commercial financial reporting, which recognize revenue when earned and expenses when incurred (the accrual basis) including, in the case of the enterprise funds, depreciation on its exhaustible capital assets. Earned, but unbilled service receivables have been accrued as revenue in the enterprise funds.

GAAP sets forth minimum criteria (percentage of the assets and deferred outflows of resources, liabilities and deferred inflows of resources, revenue or expenditures/expenses of either fund category or the governmental and enterprise funds combined) for the determination of major funds. The nonmajor funds are presented in the combining and individual fund statements and schedules section.

The Town reports the following major governmental funds:

The *General Fund* is the Town's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The *Building Fund*, a special revenue fund, is used to account for the building department activities within the Town. Revenues are collected from development activity to fund building department operations.

The *Capital Projects Fund* is used to account for the capital projects of the Town which have received the approval of the Town Commission. Transfers from the general and other funds are made to this fund to cover such expenditures.

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2022

---

### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### *C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING AND FINANCIAL STATEMENT PRESENTATION (CONTINUED)*

The *Tourism fund* is used to account for resort tax collections which are restricted to promote tourism related activities of the Town for allowable functions and activities.

The *Fleet Management Fund* is an internal service fund used to account for the costs of maintaining the Town's fleet and accumulates the cost of operating the central garage facility for vehicle maintenance.

The Town reports the following major proprietary funds:

The *Water and Sewer Fund* is used to account for water and sewer utility operations, which are financed and operated in a manner similar to private business enterprises. The intent of the Town is that the costs (expenses including depreciation) of providing services to the general public on a continuing basis be financed or recovered primarily through user charges.

The *Municipal Parking Fund* accounts for all parking revenues and expenses. Parking citation revenue is allocated to the General Fund.

The *Sanitation Fund* is used to account for the activities of the Town residential, multi-family, and commercial refuse and recycling.

The *Stormwater Utility Fund* is used to account for the stormwater utility fees, which are collected to construct, operate, and maintain a stormwater management system.

Additionally, the government reports the following fund type:

The *Pension Trust Fund* is used to account for the Town's single-employer defined benefit pension plan (the Plan) covering substantially all of its employees (The Retirement Plan for the Employees of the Town of Surfside).

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the Town's enterprise functions and various other functions of the Town for services rendered. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

## NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2022

---

### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### ***C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING AND FINANCIAL STATEMENT PRESENTATION (CONTINUED)***

Amounts reported as *program revenues* include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as *general revenues* rather than *program revenues*. The general revenues include all taxes.

Proprietary Funds distinguish *operating revenues* and *expenses* from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues and expenses of the Town's enterprise funds are charges to customers for services, administrative expenses and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

#### ***IMPLEMENTATION OF NEW GASB STATEMENTS***

GASB Statement No. 87, *Leases* ("GASB 87"), the objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. This Statement was implemented by the Town for the fiscal year ending September 30, 2022.

#### ***D. ASSETS, LIABILITIES, DEFERRED INFLOWS AND OUTFLOWS OF RESOURCES AND NET POSITION/FUND BALANCE***

##### ***1. Deposits and Investments***

The Town utilizes a pooled cash account for cash of all Town funds other than those that are required to be physically segregated. The pooled cash account concept allows each participating fund to benefit from the economies of scale and improved yield which are inherent to a larger investment pool. Formal accounting records detail the individual equities of the participating funds. The pooled cash system utilizes a single checking account for Town receipts and disbursements with a separate checking account for payroll disbursements.

## NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2022

---

### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### ***D. ASSETS, LIABILITIES, DEFERRED INFLOWS AND OUTFLOWS OF RESOURCES AND NET POSITION/FUND BALANCE (CONTINUED)***

##### ***1. Deposits and Investments (continued)***

The Town's investment policy follows the requirements of Florida Statutes Chapter 218.415, *Local Government Investment Policies*, and attempts to promote, in order of priority, safety of principal, adequate liquidity, and maximization of total return. Investments in the Town of Surfside's local government surplus funds are governed by the provisions of Florida Statutes Section 218.415. Investments in the Town's pension trust fund are governed by the Plan's investment policy and Florida Statutes Section 112.661. All investments of the Town and the pension trust fund, except Florida PRIME and money market funds, are reported at fair value using quoted market prices. The Florida PRIME is recorded at its value of the pool shares, and the money market funds, which are at amortized cost.

##### ***2. Interfund Receivables and Payables***

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either due to/from other funds (i.e., the current portion of interfund loans) or advances to/from other funds (i.e., the non-current portion of the interfund loans).

##### ***3. Receivables***

Receivables include amounts due from other governments and others for services provided by the Town. Receivables are recorded and revenues are recognized as earned or as specific program expenditures/expenses are incurred. Allowances for uncollectible receivables are based upon historical trends and the periodic aging of receivables.

The Town's lease receivable is measured at the present value of lease payments expected to be received during the lease term. A deferred inflow of resources is recorded for the lease. The deferred inflow of resources is recorded at the initiation of the lease in an amount equal to the initial recording of the lease receivable. The deferred inflow of resources is amortized on a straight-line basis over the term of the lease.

##### ***4. Prepaid Items***

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in the fund financial statements. Prepaid items are accounted for under the purchase method.

### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### *D. ASSETS, LIABILITIES, DEFERRED INFLOWS AND OUTFLOWS OF RESOURCES AND NET POSITION/FUND BALANCE (CONTINUED)*

##### *5. Capital Assets*

Capital assets include property, buildings, machinery, furniture and equipment, intangible and infrastructure assets (e.g., sidewalks and other similar items), which are reported in the applicable governmental or business-type activities columns in the government-wide financial statements.

Capital assets are defined by the Town as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year, except for infrastructure and intangible assets for which the Town utilizes a \$25,000 capitalization threshold. Capital assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. The Town was not required to and did not retroactively report infrastructure assets acquired prior to the implementation of GASB Statement No. 34.

Major outlays for capital assets and improvements are capitalized as projects are constructed.

The Town records impairment losses on long-lived assets used in operations when events and circumstances indicate the assets might be impaired. No impairment losses have been recorded.

Capital assets of the Town are depreciated using the straight-line method over the estimated useful lives:

Assets	Years
Buildings	15-50
Machinery, furniture and equipment	5-10
Infrastructure	10-30
Intangibles	10-30

##### *6. Deferred Outflows/Inflows of Resources*

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to future periods and so will not be recognized as an outflow of resources (expense/expenditure) until then.

#### ***D. ASSETS, LIABILITIES, DEFERRED INFLOWS AND OUTFLOWS OF RESOURCES AND NET POSITION/FUND BALANCE (CONTINUED)***

##### ***6. Deferred Outflows/Inflows of Resources (continued)***

The Town reports within its government-wide statement of net position as deferred outflows amounts contributed during fiscal year 2022 into The Retirement Plan for the Employees of the Town of Surfside. The net pension liability associated with the Plan was measured as of September 30, 2021. The amounts paid during fiscal year 2022 to the Plan will be reflected within the Town's pension expense and related liability when the net pension liability is measured for the subsequent fiscal year. In addition, the Town reports a deferred outflow for its obligation for the total OPEB liability.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to future periods and so will not be recognized as an inflow of resources (revenue) until that time. The Town has three items that qualify for reporting in this category. A deferred inflow for pensions, OPEB and the proprietary funds statement of net position includes a parking trust agreement within the Municipal Parking Fund. These amounts are deferred and recognized as an inflow of resources and recognized as revenue in the period that the time restrictions are met.

##### ***7. Compensated Absences***

The Town's policy is to permit employees to accumulate earned but unused sick as well as vacation pay benefits, limited to certain maximums. All vacation and sick pay is accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements. Compensated absences of the governmental funds are typically liquidated from the general fund.

##### ***8. Long-Term Obligations***

In the government-wide financial statements and proprietary fund type financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable business-type activities or proprietary fund type statement of net position.

### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### ***D. ASSETS, LIABILITIES, DEFERRED INFLOWS AND OUTFLOWS OF RESOURCES AND NET POSITION/FUND BALANCE (CONTINUED)***

##### **9. Fund Balance**

The Town follows the criteria for classifying governmental fund balances into specifically defined classifications. Classifications are hierarchical and are based primarily on the extent to which the Town is bound to honor constraints on the specific purposes for which amounts in the funds may be spent. The Town's accounting and financial policies are used to interpret the nature and/or requirements of the funds and their corresponding classification of nonspendable, restricted, committed, assigned or unassigned.

The following are the fund balance classifications:

*Nonspendable fund balance.* Nonspendable fund balances are amounts that are (a) not in spendable form or (b) legally or contractually required to be maintained intact.

*Restricted fund balance.* Restricted fund balances are amounts that can be spent only for specific purposes stipulated by (a) external resource providers such as creditors (by debt covenants), grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.

*Committed fund balance.* Committed fund balances can only be used for the specific purposes determined by a formal action (ordinance or resolution, which are equally binding) of the Town Commission, the Town's highest level of decision making authority. Commitments may be changed or lifted only by the Town Commission taking the same formal action (ordinance or resolution) that imposed the constraint originally. Resources accumulated pursuant to stabilization arrangements sometimes are reported in this category.

*Assigned fund balance.* Assigned fund balances are amounts that are constrained by the Town's intent to be used for specific purposes, but are neither restricted nor committed. Intent is established by management of the Town to which the Commission has delegated the authority to assign, modify or rescind amounts to be used for specific purposes. There is no formal policy through which this authority has been established. Specific amounts that are not restricted or committed in a special revenue or capital projects fund are assigned for the purposes in accordance with the nature of their fund type. Assignment within the General Fund conveys that the intended use of those amounts is for a specific purpose that is narrower than the general purposes of the Town itself.

*Unassigned fund balance.* This fund balance is the residual classification for the General Fund. It is also used to report negative fund balances in other governmental funds.

### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### *D. ASSETS, LIABILITIES, DEFERRED INFLOWS AND OUTFLOWS OF RESOURCES AND NET POSITION/FUND BALANCE (CONTINUED)*

##### *10. Fund Balance Flow Assumptions*

Sometimes the government will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned and unassigned fund balance in the governmental fund financial statements a flow assumption must be made about the order in which the resources are considered to be applied. It is the Town's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last, unless the Town Commission has provided otherwise in its commitment or assignment actions by either ordinance or resolution.

##### *11. Net Position Flow Assumption*

Sometimes the government will fund outlays for a particular purpose from both restricted and unrestricted resources. In order to calculate the amounts to report as restricted – net position and unrestricted – net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. When both restricted and unrestricted resources are available for use, it is the Town's policy to consider restricted – net position to have been depleted before unrestricted – net position is applied.

##### *12. Net Position*

Net position of the government-wide and proprietary funds is categorized as net investment in capital assets, restricted or unrestricted. The net investment in capital assets consists of capital assets reduced by accumulated depreciation and by any outstanding related debt and deferred inflows/outflows of resources incurred to acquire, construct or improve those assets, excluding unexpended proceeds. Restricted net position is that portion of net position that has been restricted for general use by external parties (creditors, grantors, contributors, or laws or regulations of other governments) or imposed by law through constitutional provisions or enabling legislation. Unrestricted net position consists of net position that does not meet the definition of either of the other two components.

##### *13. Use of Estimates*

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and deferred outflows of resources, liabilities and deferred inflows of resources, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results may differ from management's estimates.

### NOTE 2 – DEPOSITS AND INVESTMENTS

#### *DEPOSITS - TOWN*

In addition to insurance provided by the Federal Depository Insurance Corporation, all deposits are held in banking institutions approved by the State Treasurer of the State of Florida to hold public funds. Under Florida Statutes Chapter 280, *Florida Security for Public Deposits Act*, the State Treasurer requires all Florida qualified public depositories to deposit with the Treasurer, or any other banking institution, eligible collateral of the depository. In the event of a failure of a qualified public depository, the remaining public depositories would be responsible for covering any resulting losses. Accordingly, all amounts reported as deposits are insured or collateralized.

#### *INVESTMENTS – TOWN*

The Town's investment policy authorizes Town officials to invest in those instruments authorized by the Florida Statutes and the Town's investment policy, including the certificates of deposit (placed with "qualified public depositories"); U.S. Treasury and Government Agency securities; corporate bonds; commercial paper; mutual funds; repurchase agreements; money market funds; and the Florida PRIME administered by the State Board of Administration (SBA).

Florida PRIME is governed by Chapter 19-7 of the Florida Administrative Code and Chapters 215 and 218 of the Florida Statutes. These rules provide guidance and establish the policies and general operating procedures for the administration of the Florida PRIME. Florida PRIME invests in a pool of investments whereby the Town owns a share of the respective pool, not the underlying securities. GASB Statement No. 79, *Certain External Investment Pools and Pool Participants* established criteria for an external investment pool to qualify to report at amortized cost. Florida PRIME is exempt from the GASB 72 fair value hierarchy disclosures and reports at amortized cost.

With regard to redemption dates, Chapter 218.409(8) (a), Florida Statutes, states, “The principal, and any part thereof, of each account constituting the trust fund is subject to payment at any time from the moneys in the trust fund. However, the Executive Director may, in good faith, on the occurrence of an event that has a material impact on liquidity or operations of the trust fund, for 48 hours limit contributions to or withdrawals from the trust fund to ensure that the Board can invest moneys entrusted to it in exercising its fiduciary responsibility. Such action must be immediately disclosed to all participants, the Trustees, the Joint Legislative Auditing Committee, the Investment Advisory Council, and the Participant Local Government Advisory Council. The Trustees shall convene an emergency measures and review the necessity of those measures. If the Trustees are unable to convene an emergency meeting before the expiration of the 48-hour moratorium on contributions and withdrawals, the Executive Director may extend the moratorium until the Trustees are able to meet to review the necessity for the moratorium. If the Trustees agree with such measures, the Trustees shall vote to continue the measures for up to an additional 15 days. The Trustees must convene and vote to continue any such measures before the expiration of the time limit set, but in no case may the time limit set by the Trustee exceed 15 days.”

With regard to liquidity fees, Florida Statute 218.409(4) provides authority for the SBA to impose penalties for early withdrawal, subject to disclosure in the enrollment materials of the amount and purpose of such fees. At present, no such disclosure has been made.

As of September 30, 2022, there were no redemption fees or maximum transaction amounts, or any other requirements that serve to limit a participant’s daily access to 100 percent of their account value.

The investment in the Florida PRIME is not insured by FDIC or any other governmental agency.

*INVESTMENTS – TOWN (CONTINUED)*

As of September 30, 2022, the Town had the following investment subject to interest rate risk:

	Reported Value	Weighted Average Maturity
<b>Investments</b>		
Florida PRIME	\$ 44,370,996	21 days

Florida PRIME is presented as an investment in the financial statements.

***Interest Rate Risk***

The Town has an investment policy to invest in a manner that is consistent with sound business practices in order to protect the assets of the Town residents, provide effective cash management to meet anticipated obligations and earn a rate of return consistent with these inherent restraints. Safety of capital and liquidity are also inherent in the Town’s policy. The policy is structured to provide sufficient liquidity to pay obligations as they come due. The Town’s investment policy limits the maturities to no more than 7 years for direct United States obligations and to no more than 5 years for United States agency obligations and corporate obligations. Term repurchase agreements are limited to maturities of 90 days or less and certificate of deposits are limited to 2 years or less.

***Credit Risk***

The Town’s investment policy limits investments to the highest ratings issued by a nationally recognized statistical rating organization (NRSRO). The Florida PRIME is rated AAAM by Standard and Poor’s.

***Concentration of Credit Risk***

The Town’s investment policy states that assets shall be diversified to control the risk of loss resulting from concentration of assets to a specific maturity, instrument, issue, dealer, or bank through which these securities are bought and sold. As of September 30, 2022, the Town’s portfolio did not have any investments subject to a concentration of credit risk, other than Florida PRIME.

#### ***Interest Rate Risk***

In accordance with its investment policy, the Plan manages its exposure to declines in the fair value of its securities through a conservative approach of managing portfolio exposure to duration, maturity and sector relative to market indices.

#### ***Credit Risk***

State law limits investments in commercial paper to the two top ratings issued by nationally recognized statistical rating organizations (NRSROs). It is the Plan's policy to limit its investments in this investment type to the top two ratings issued by NRSROs. As of September 30, 2022, the Plan's investments in the U.S. Treasury Securities were rated AAA by Standard & Poor's, and Aaa by Moody's Investors Service. The Investment Policy of the Plan states it is permitted to invest in corporate bonds with an investment quality rating with rating with the top three rating classifications by at least two major rating services (Standards & Poor, Moody's or Fitch). The corporate bonds held by the Plan were in the top three rating classifications. The mortgage backed securities were rated AAA and Aaa by Standard & Poor's, and Moody's, respectively.

#### ***Concentration of Credit Risk***

The Plan's investment policy does not allow for an investment in any one issuer, other than U.S. Government securities, that is in excess of five percent of the Plan's total investments nor any investment in any one organization represents five percent or more of total fiduciary net position.

#### ***Custodial Credit Risk***

For an investment, this is the risk that, in the event of the failure of the counterparty, the Plan will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. ##### *Fair Value Hierarchy*

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The fair value hierarchy categorizes the inputs to valuation techniques used to measure fair value into three levels based on the extent to which inputs used in measuring fair value are observable in the market.

Level 1 - Investments' fair values based on prices quoted in active markets for identical assets.

Level 2 - Investments' fair values based on observable inputs for the assets either directly or indirectly, other than those considered Level 1 inputs, which may include quoted prices for identical assets in markets that are not considered to be active, and quoted prices of similar assets in active or inactive markets.

Level 3 - Investments' fair values based upon unobservable inputs.

The following is a description of the fair value techniques for the Plan's investments. Level 1 and 2 prices are obtained from various pricing sources by the Plan's custodian bank:

Equity securities classified in Level 1 of the fair value hierarchy are valued using prices quoted in active markets for those securities. This includes domestic and foreign common stock, American depository receipts (ADR), and exchange traded funds (ETF).

Debt securities classified in Level 2 of the fair value hierarchy are valued using pricing inputs that reflect the assumptions market participants would use to price an asset or liability and are developed based on market data obtained from sources independent of the reporting entity. This includes U.S. Treasuries and Government Agency bonds, corporate bonds, municipal bonds and mortgage backed securities.

Money market funds are reported at amortized cost.

### NOTE 4 – PROPERTY TAXES

Under Florida law, the assessment of all properties and the collection of all county, municipal and school board taxes are consolidated in the offices of the County Property Appraiser and County Tax Collector. The laws of the State regulating tax assessments are also designed to assure a consistent property valuation method statewide. State statutes permit municipalities to levy property taxes at a rate of up to 10.0 mills (\$10 per \$1,000 of assessed taxable valuation). The millage rate assessed by the Town for the fiscal year ended September 30, 2022, was 4.5000 per \$1,000. The tax levy of the Town is established by the Town Commission prior to October 1 each year, and the County Property Appraiser incorporates the millage into the total tax levy, which includes Miami-Dade County, Miami-Dade County School Board and special taxing districts.

All property is reassessed according to its fair market value as of January 1 each year. Each assessment roll is submitted to the Executive Director of the State Department of Revenue for review to determine if the rolls meet all of the appropriate requirements of State Statutes.

All real and tangible personal property taxes are due and payable on November 1 of each year or as soon thereafter as the assessment roll is certified by the County Property Appraiser. Miami-Dade County mails to each property owner on the assessment roll a notice of taxes due and Miami-Dade County collects the taxes for the Town. Taxes may be paid upon receipt of such notice from Miami-Dade County, with discounts at the rate of four percent (4%) if paid in the month of November, three percent (3%) if paid in the month of December, two percent (2%) if paid in the month of January, and one percent (1%) if paid in the month of February. Taxes paid during the month of March are without discount and all unpaid taxes on real and tangible personal property become delinquent and liens are placed on April 1 of the year following the year in which the taxes were assessed. Procedures for the collection of delinquent taxes by Miami-Dade County are provided for in the laws of the State of Florida. As of September 30, 2022, there were no material delinquent taxes.

***UTILITY SYSTEM REVENUE BONDS SERIES 2011 (DIRECT BORROWING)***

On April 28, 2011, the Town issued \$16,000,000 Utility System Revenue Bonds, Series 2011 to finance the cost of certain construction projects, including improvements for the existing facilities for the water, sewer, and storm water systems. Principal and interest is to be paid from the pledge of Water/Sewer and Storm Water fund revenues. Principal is paid annually. The bond bears interest of 4.720% payable semi-annually, and it matures on May 1, 2026. Total principal and interest remaining on the bond is \$6,797,898. For the current year, debt service which is comprised of accrued interest and principal payments was \$1,065,249. Pledged revenues were \$5,503,096.

This bond contains (1) a provision that, in an event of default, the timing of repayment of outstanding amounts may become immediately due if net pledged revenues during the fiscal year are less than 110% of debt service requirements for that year and (2) a provision that if the Town is unable to make payment, outstanding amounts may become due immediately.

**NOTE 8 – EMPLOYEE RETIREMENT PLAN**

The following brief description of the Plan is provided for general information purposes only. Participants should refer to the Plan documents for more complete information.

***PLAN DESCRIPTION***

The Plan is a contributory defined benefit single-employer pension plan covering substantially all employees of the Town of Surfside. All full-time employees are eligible to participate in the Plan immediately upon employment. The administration of the Plan is under the responsibility of a five-member Board of Trustees, which is subject to the ultimate authority of the Town Commission.

# TOWN OF SURFSIDE, FLORIDA

## NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2022

---

### NOTE 8 – EMPLOYEE RETIREMENT PLAN (CONTINUED)

The Plan was established by a Town ordinance approved by the Commissioners and effective January 1, 1962. The Plan is also subject to certain provisions of Chapter 112, Florida Statutes. The benefit provisions and all other requirements, and amendments are established by Town Ordinance. The benefits provided to the Fraternal Order of Police (FOP) members are subject to collective bargaining. The latest Plan Ordinance (20-1707) was effective January 1, 2020.

The Plan issues a publicly available financial report that includes financial statements and required supplementary information. This report may be obtained by contacting the Town’s Finance Director or visiting the Town’s website.

During 2011, the Town passed Ordinance 11-1580, which grants the right to Charter Officers to opt out of the Plan at any time.

The Plan is administered by a Pension Board comprised of:

- Two permanent residents of the Town appointed by Town Commission
- A elected representative of the police department
- A elected representative of the other employees of the Town
- The Town Manager (a permanent member of the Board)

Membership in the Plan as of October 1, 2020, the latest actuarial valuation, was as follows:

Inactive plan members and beneficiaries currently receiving benefits	49
Inactive plan members entitled but not yet receiving benefits	7
Active plan members	<u>91</u>
<b>Total Members</b>	<u>147</u>

### ***CONTRIBUTIONS AND FUNDING POLICY***

Funding of the Plan is provided by contributions from the Town and the employees. The Town’s funding policy provides for annual actuarially determined contributions at rates that, for individual employees, increase gradually over time so that sufficient assets will be available to pay benefits when due. The Town’s contribution to the Plan which was determined based on the October 1, 2020 actuarial valuation, totaled \$1,480,712 for the fiscal year ended September 30, 2022.

### NOTE 8 – EMPLOYEE RETIREMENT PLAN (CONTINUED)

#### *CONTRIBUTIONS AND FUNDING POLICY (CONTINUED)*

##### ***General Employees***

Initially employees were required to contribute 5% of their salary. One employee still contributes 5%, but all other general employees contribute 6%. Effective October 1, 2016, the employee contribution for general employees and senior management increased to 8%. The employee previously contributing 5% of their covered compensation is now required to contribute 7%.

##### ***Police Officers***

Certified law enforcement members of the Plan contribute 8% of earnable compensation to the Plan.

##### ***Deferred Retirement Option Program***

The Town maintains a Deferred Retirement Option Program (DROP) initially for Police officers and dispatchers only. Effective August 13, 2013, the Town Commission passed an Ordinance, which amended the Deferred Retirement Option Program (DROP) to include all members of the retirement Plan who reach the earliest normal retirement age whereby such member shall be eligible to participate in the DROP. The maximum period of participation in the DROP is sixty months. No payments may be made from the DROP until the employee actually separates from service with the Town. There is one (1) Police Officer currently participating in the DROP as of September 30, 2022. Ten (10) general employees are currently participating in the DROP as of September 30, 2022. As of September 30, 2022, the balance in the DROP account was approximately \$509,000. This amount is included in the total investment balance presented on the statement of fiduciary net position.

##### ***Basis of Accounting***

The Plan for Employees of the Town of Surfside's financial statements are prepared on the accrual basis of accounting, reflecting income when earned and contributions for the year (regardless of when received) and expenses and other obligations when incurred (regardless of when paid). Benefit payments and refunds of contributions are recorded as they become due and payable in accordance with the terms of the Plan. Plan member contributions are recognized in the period in which the contributions are due. Employer contributions are recognized when due and payable, and the employer has made a formal commitment to provide the contributions.

***SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES***

***Method Used to Value Investments***

The Plan investments are reported at fair value with the exception of money market funds, which are reported at amortized cost, and are managed by third-party money managers. The Plan’s custodian and individual money manager price each instrument (using various third party pricing sources). Investments that do not have an established market are reported at estimated fair value. Performance reporting, manager fees, and the Plan’s asset valuation are based on the custodian’s determination of value.

The fiduciary net position of the Plan is the difference between the total plan assets and the total plan liabilities, and are held in trust for pension benefits. Both realized and unrealized gains/losses are recognized under the net appreciation/depreciation in the fair value of investments.

Investment and administrative expenses of the Plan may be paid either by the Town or by the Plan. It is the policy of the Town that these expenses are to be paid by the Plan.

***NET PENSION LIABILITY OF THE TOWN***

In accordance with Government Accounting Standards Board Statement No. 68, the net pension liability of the Town at September 30, 2022, using a measurement date of September 30, 2021 was as follows:

Total pension liability	\$ 35,158,091
Plan fiduciary net position	<u>(33,279,629) <sup>1</sup></u>
<b>Net Pension Liability</b>	<b><u>\$ 1,878,462</u></b>

Plan fiduciary net position as a percentage of the total pension liability	94.66%
--	--------

*(1) The Plan fiduciary net position above does not agree to the Plan fiduciary net position presented in the statement of fiduciary net position as of September 30, 2021. The difference of \$1,847 was caused by an adjustment that was made after the actuary finalized their report.*

## NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2022

### NOTE 8 – EMPLOYEE RETIREMENT PLAN (CONTINUED)

#### *LONG-TERM EXPECTED RATE OF RETURN*

The long-term expected rate of return on pension plan investments was determined based upon the historical average (means returns) which best-estimate ranges of expected future real rates of return. In order to determine the real rates of return, it is necessary to subtract the expected inflation rate from the nominal investment return and investment expenses. The long-term expected rate of return for the Plan was calculated by weighting the expected future rates of return of each asset class by the corresponding target allocation percentages. The target allocation and best estimates of real rates of return for each major asset class included in the Plan's target asset allocation as of September 30, 2021 are summarized in the following table:

<u>Asset Class</u>	<u>Target Asset Allocation</u>	<u>Expected Long-Term Real Return</u>
Domestic equity	42.0%	9.6%
Convertibles	5.0%	8.8%
International equity	10.0%	5.6%
Infrastructure	5.0%	8.1%
Fixed income	25.0%	4.5%
Real estate	10.0%	9.1%
Cash	3.0%	2.4%

#### *DISCOUNT RATE*

A discount rate of 7.25% was used to measure the total pension liability. This discount rate was based on the expected rate of return on Plan investments of 7.25%. The projection of cash flow used to determine this discount rate assumed that Plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on these assumptions, the Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on Plan investments was applied to all periods of projected benefit payments to determine the total pension liability of the Town.

***PLAN DESCRIPTION***

The Town provides an optional single employer defined benefit post-employment healthcare plan to eligible individuals. The Plan allows its employees and their beneficiaries, at their own cost, to continue to obtain health and dental insurance benefits upon retirement. The benefits of the Plan conform to Florida Statutes, which is the legal authority for the Plan. The Plan has no assets and does not issue a separate financial report.

**NOTE 9 – OTHER POST-EMPLOYMENT BENEFITS (CONTINUED)**

***FUNDING POLICY***

The Town does not directly make a contribution to the Plan on behalf of retirees. Retirees and their beneficiaries pay the same group rates as are charged to the Town for active employees by its healthcare provider. However, the Town’s actuaries, in their actuarial valuation, calculate an offset to the cost of these benefits as an Employer Contribution, based upon an implicit rate subsidy. This offset equals the total age-adjusted costs paid by the Town or its active employees for coverage of the retirees and their dependents for the year net of the retiree’s own payments for the year.

***EMPLOYEES COVERED BY BENEFIT TERMS***

At September 30, 2022, the following employees were covered by the benefit terms:

***SENSITIVITY OF THE TOTAL OPEB LIABILITY TO CHANGES IN THE HEALTHCARE COST TREND RATES***

The following presents the Town’s total OPEB liability, calculated using the 6.5% to 3.7% healthcare trend rate. The sensitivity analysis shows the impact on the Town’s total OPEB liability if the healthcare trend rate were 1.00% lower or 1.00% higher than the current healthcare trend rate at September 30, 2022:

	1% Decrease (5.5% to 2.7%)	Current Trend Rates (6.5% to 3.7%)	1% Increase (7.5% to 4.7%)
Total OPEB liability	\$ 594,460	\$ 722,656	\$ 891,506

***OPEB EXPENSE AND DEFERRED OUTFLOWS OF RESOURCES AND DEFERRED INFLOWS OF RESOURCES RELATED TO OPEB***

For fiscal year ended September 30, 2022, the Town recognized OPEB expense of \$138,903.

At September 30, 2022, the Town reports deferred outflows and inflows of resources related to the Plan as follows:

Description	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between actual and expected experience on liabilities	\$ 184,356	\$ 591,227
Changes of assumptions or other inputs	132,248	60,970

**NOTE 10 – COMMITMENTS AND CONTINGENCIES**

***RISK MANAGEMENT***

The Town is exposed to various risks and losses related to torts, theft of or damage to and destruction of assets, errors and omissions, injuries to employees, and natural disasters. The Town participates with other municipalities and governmental units in a public entity risk pool administered by the Florida League of Cities Public Risk Services known as the Florida Municipal Insurance Trust (FMIT). The Town pays annual premiums to the FMIT for its general liability insurance, commercial real and personal property, including electronic data processing equipment, automobile, liability, and physical damage insurance coverage.

The Town also participates in the Florida League of Cities public risk pool known as the Florida Municipal Self Insurers Fund (FMSIF) to which it pays annual premiums for its workers’ compensation insurance. The agreement with these public risk pools provides that the pools will be self-sustaining through member premiums and will re-insure through commercial companies for workers’ compensation and liability insurance for claims in excess of \$1,000,000. All policies are issued by FMIT and FMSIF on a non-assessable basis.

## NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2022

---

### NOTE 10 – COMMITMENTS AND CONTINGENCIES (CONTINUED)

#### *RISK MANAGEMENT (CONTINUED)*

The Town maintains commercial insurance for corporate fiduciary liability, flood, and windstorm coverage. There were no reductions, only increases in insurance coverage from the prior year and there were no settlements that exceeded insurance coverage for each of the past three years.

#### *LITIGATION*

The Town is a defendant in various lawsuits incidental to its operations. It is the opinion of Town Management and Town Legal Counsel, that the ultimate resolution of all matters will not have a material adverse effect on the financial position and results of operations of the Town.

### NOTE 11 – EXCESS OF EXPENDITURES OVER APPROPRIATIONS

The Executive expenditures exceed budgeted amounts in the amount of \$18,574 for the fiscal year ended September 30, 2022. The excess of expenditures was funded from available current year working capital.

### NOTE 12 – EXTRAORDINARY ITEM

In June 2021, the Town experienced an event that was both unusual and infrequent in occurrence related to the collapse of Champlain Towers South (a privately-owned residential condominium building). The Town incurred approximately \$3.6 million in disaster relief costs related to the investigation and recovery efforts during fiscal year ended September 30, 2023. The Town recovered a portion of these costs from the Federal Emergency Management Agency (“FEMA”).

**FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2022**

---

**NOTE 1 – BUDGETS AND BUDGETARY ACCOUNTING**

Annual appropriated budgets for the general fund, building fund and tourism fund are adopted on a basis consistent with accounting principles generally accepted in the United States. The Town prepares a budget for its capital projects fund; however, this budget is prepared as a project budget and not as an annually appropriated budget.

1. Prior to August 1, the Town Manager submits to the Town Commission a proposed operating budget for the fiscal year commencing the following October 1. The budget includes proposed expenditures and the means of financing them.
2. The Town Commission holds a public workshop on the proposed budget. Formal public hearings are conducted in September to obtain taxpayers' comments.
3. Prior to October 1, the budget is legally adopted by resolution.

Budgets are monitored at the department level. Budgetary control over expenditures, including capital outlay and transfers, is maintained at the fund level whereby management cannot transfer or over expend appropriations at the individual fund level.

Budgets in governmental funds are encumbered upon issuance of purchase orders, contracts or other forms of legal commitments. While appropriations lapse at the end of each year, the succeeding year's budget ordinance specifically provides for the reappropriation of year end encumbrances.

The Town Manager is authorized to transfer part or all of an encumbered appropriation balance within a particular department or fund; however, any revisions that alter the total appropriations of any department (general fund) or fund must be approved by the Town Commission.

If during the course of the fiscal year, it becomes evident that a particular fund is unable to provide the required level of services to the Town because of higher costs of providing services, or unforeseen circumstances, the budget may be amended. The Town Manager submits to the Town Commission a request to amend the budget. The request contains explanations, and includes a proposal for financing if additional appropriations are requested. The amendment requires the Town Commission approval and adoption. All necessary supplemental appropriations are adopted by the Town Commission as part of the budget review process and are included in the Final Budget columns on the budgetary comparison schedule. There was \$1,232,447 in supplemental appropriations in the budgeted General Fund for the fiscal year ended September 30, 2022. There was \$34,303 and \$630,662 in supplemental appropriations in the budgeted Tourism Fund and Building Fund respectively for the fiscal year ended September 30, 2022.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER  
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED  
ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE  
WITH *GOVERNMENT AUDITING STANDARDS***

To the Honorable Mayor, Town Commission and Town Manager  
**Town of Surfside, Florida**

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*), the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Surfside, Florida (the "Town") as of and for the fiscal year ended September 30, 2022, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements, and have issued our report thereon dated June 28, 2023.

***Internal Control Over Financial Reporting***

In planning and performing our audit of the financial statements, we considered the Town's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Town's internal control. Accordingly, we do not express an opinion on the effectiveness of the Town's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Town's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

### ***Compliance and Other Matters***

As part of obtaining reasonable assurance about whether the Town's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### ***Purpose of This Report***

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the Town's internal control or compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Town's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR THE MAJOR  
FEDERAL PROGRAM; REPORT ON INTERNAL CONTROL OVER  
COMPLIANCE AND REPORT ON THE SCHEDULE OF EXPENDITURES OF  
FEDERAL AWARDS REQUIRED BY THE UNIFORM GUIDANCE**

To the Honorable Mayor, Town Commission, and Town Manager  
**Town of Surfside, Florida**

**Report on Compliance for the Major Federal Program**

***Opinion on the Major Federal Program***

We have audited the Town of Surfside, Florida's (the "Town") compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on the City's major federal program for the fiscal year ended September 30, 2022. The Town's major federal program is identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

In our opinion, the Town complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on its major federal program for the fiscal year ended September 30, 2022.

***Basis for Opinion on the Major Federal Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the Town and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the Town's compliance with the compliance requirements referred to above.

## ***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the Town's federal programs.

## ***Auditors' Responsibilities for the Audit of Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Town's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Town's compliance with the requirements of the major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Town's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- obtain an understanding of the Town's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the Town's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

## **Report on Internal Control Over Compliance**

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal*

*control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

### **Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance**

We have audited the financial statements of the Town as of and for the fiscal year ended September 30, 2022, and have issued our report thereon dated June 28, 2023, which contained an unmodified opinion on those financial statements. Our audit was performed for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the financial statements as a whole.

## NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2022

---

### NOTE 1 – BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards (the “Schedule”) presents the expenditure activity of all federal awards of the Town of Surfside, Florida (the “Town”) for the fiscal year ended September 30, 2022. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations, Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the Town, it is not intended to and does not present the financial position, changes in net position or cash flows of the Town.

### NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported in the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

### NOTE 3 – INDIRECT COST RATE

The Town has elected not to use the 10-percent de minimis indirect cost rate for federal programs allowed under the Uniform Guidance.

**MANAGEMENT LETTER IN ACCORDANCE WITH THE RULES OF THE  
AUDITOR GENERAL OF THE STATE OF FLORIDA**

To the Honorable Mayor, Town Commission and Town Manager  
**Town of Surfside, Florida**

***Report on the Financial Statements***

We have audited the financial statements of the Town of Surfside, Florida (the “Town”), as of and for the fiscal year ended September 30, 2022, and have issued our report thereon dated June 28, 2023.

***Auditors’ Responsibility***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements of Federal Awards* (Uniform Guidance); and Chapter 10.550, Rules of the Auditor General.

***Other Reporting Requirements***

We have issued our Independent Auditors’ Report on Internal Control over Financial Reporting and Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards*; Independent Auditors’ Report on Compliance for the Major Federal Program; Report on Internal Control Over Compliance; Report on Schedule of Expenditures of Federal Awards Required by Uniform Guidance; Schedule of Findings and Questioned Costs; Summary Schedule of Prior Audit Findings and Independent Accountants’ Report on an examination conducted in accordance with *AICPA Professional Standards*, AT-C 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports and schedules, which are dated June 28, 2023, should be considered in conjunction with this management letter.

***Prior Audit Findings***

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no findings or recommendations made in the preceding annual financial audit report.

### ***Official Title and Legal Authority***

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. The Town was established by the Town's charter, which was adopted under the provisions of Chapter 279.14 Laws of Florida in 1951. There are no component units related to the Town.

### ***Financial Condition and Management***

Section 10.554(1)(i)5.a. and 10.556(7), Rules of the Auditor General, require that we apply appropriate procedures and communicate the results of our determination as to whether or not the Town has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and identification of the specific condition(s) met. In connection with our audit, we determined that the Town did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), Rules of the Auditor General, we applied financial condition assessment procedures for the Town. It is management's responsibility to monitor the Town's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same. This assessment was done as of the fiscal year end.

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did have one repeat recommendation identified as MLC 2020-001 which is included in Appendix A.

### ***Additional Matters***

Section 10.554(1)(i)3., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

### ***Purpose of this Letter***

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal, State and other granting agencies, the Honorable Mayor, Town Commission, and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

## APPENDIX A - CURRENT YEAR RECOMMENDATION TO IMPROVE FINANCIAL MANAGEMENT

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2022

---

### MLC 2020-001 – WATER & SEWER UNRESTRICTED NET POSITION DEFICIT

#### *Prior Year Observation*

During the fiscal year ended September 30, 2021, it was noted that the Water and Sewer fund had a deficit unrestricted fund balance/net position of \$1,389,421. This was due to several years where previous utility rates were not sufficient to meet annual operating and nonoperating expenses. Effective October 1, 2017, the Town implemented the rate study performed by Black & Veatch covering the period from fiscal year 2018 through fiscal year 2022.

#### *Current Year Observation*

During the fiscal year ended September 30, 2022, it was noted that the Water and Sewer fund had a deficit unrestricted fund balance/net position of \$491,258. This was due to several years where previous utility rates were not sufficient to meet annual operating and nonoperating expenses. Effective October 1, 2017, the Town implemented the rate study performed by Black & Veatch covering the period from fiscal year 2018 through fiscal year 2022 by increasing the utility rates based on the study. The Town saw an improvement in the unrestricted fund balance/net position as the deficit decreased from \$1,389,421 as of September 30, 2021.

#### *Recommendation*

We recommend the Town continue to monitor and implement the rate study and five-year financial forecast performed by Black & Veatch to essentially eliminate the deficit and ensure future water, sewer and stormwater utility rates/revenues are sufficient in order to continue funding annual operating and maintenance costs, debt service, meet debt service coverage ratio requirements, and maintain a fund balance/net position for reserve requirements.

Additionally, management should continuously monitor and compare actual results of the Water and Sewer fund operations as compared to the rate study to ensure any adjustments or changes as necessary are considered.

#### *Management's Response*

Management is aware of the deficit unrestricted fund balance/net position and have fully implemented the rate increases as prescribed in the rate study. Management is committed to monitoring budgetary projections and actual results. Management feels that the issue with the deficit unrestricted fund balance/net position will be resolved in the next few years. If the positive trend changes, management understands that a new rate study will be warranted.

**INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE PURSUANT TO  
SECTION 218.415 FLORIDA STATUTES**

To the Honorable Mayor, Town Commission and Town Manager  
**Town of Surfside, Florida**

We have examined the Town of Surfside, Florida's (the "Town") compliance with Section 218.415 Florida Statutes, Local Government Investment Policies, for the fiscal year ended September 30, 2022. Management of the Town is responsible for the Town's compliance with the specified requirements. Our responsibility is to express an opinion on the Town's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Town complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the Town complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

We are required to be independent and to meet our other ethical responsibilities in accordance with relevant ethical requirements relating to the engagement.

Our examination does not provide a legal determination on the Town's compliance with specified requirements.

In our opinion, the Town complied, in all material respects, with Section 218.415 Florida Statutes for the fiscal year ended September 30, 2022.

This report is intended to describe our testing of compliance with Section 218.415 Florida Statutes and it is not suitable for any other purpose.
